## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2012 – 2013 school year has been an eventful and successful one at Manning Junior High School. We began the school year with a celebration for receiving a rating of 98.1% on the South Carolina ESEA waiver. Once again, we benefited greatly from our association with the School Improvement Grant (SIG) as well as our new partnership with The System for Teacher and Student Advancement (TAP). We continued to receive more in-depth professional development training, including TAP training on research based instructional strategies through TAP Summer Institute, CORE Training, and the National TAP Conference. Professional development also continued on Common Core State Standards through the South Carolina Department of Education and USC – Aiken. The TAP Leadership Team (TLT) provided embedded professional development through weekly Cluster Meetings. Cluster Meetings, under the leadership of Master and Mentor Teachers, provided targeted professional development based on CODE data. These Cluster Meetings centered around reinforcement and refinement areas focused on improving instructional delivery in all content areas and provided a foundation for the implementation of Common Core State Standards. Within our Small Learning Communities (SLC), we utilized common assessments in all core content areas. The common assessments and the use of MAP and other diagnostic testing enabled us to make rapid decisions about moving students within the SLCs to meet their academic needs. We also utilized Direct Instruction in Reading and Math. Each student was individually tested to determine their current achievement levels and needs. We are excited about our progress this year and feel the future looks bright for Manning Junior High Monarchs. Jerry Coker, Principal  
Yvette Samuels-Jackson, School Improvement Council Chairperson
